Why choose Primary Care Law?

We have been delivering legal seminars for some 25 years, helping GPs and Practice Managers across the UK to improve their understanding of legal issues relevant to them.

We deliver our seminars to groups of no more than 20 delegates, because we believe it is important for our delegates to have the opportunity to ask questions about their real issues, and to have sufficient time for discussions during the day.

Our speakers deliver our seminars in a dynamic and entertaining way, ensuring that delegates' attention is held, and allowing them to learn in an informal, supportive and participative environment.

A comprehensive set of notes accompanies the seminar.

All our seminars are authorised and accredited by The Solicitors Regulation Authority and authorised by The Bar Standards Board.
